## Attempt to Locate

---

**Caroline County, Virginia** - On January 11, 2021, at 8:11 a.m. the Caroline County Emergency Communications Center received a 911 call about a burglary that just occurred at a home along Jefferson Davis Highway, between Carmel Church and the Hanover County line. Deputies and investigators responded and found that two burglaries had occurred in the area. During one of the burglaries, the homeowner was assaulted, but uninjured. The suspect was described as being a slender black male, at least six feet tall, wearing a face covering and a cap. The suspect's vehicle was described as being a white sedan with no front license plate and tinted windows. Investigators have been working tirelessly since the time of this report to identify the suspect or suspect vehicle.

On January 13, 2021, Investigators learned that a separate family on Jefferson Davis Highway, near the burglaries, may have encountered the same suspect during the same timeframe of the burglaries. This family reported that a tall, slender black male parked a white car, possibly an older model Mercedes, with no license plates and tinted windows in their driveway, approached their door and announced himself as "Their Uber driver". The family spoke with the male through a locked door and informed him they did not ask for an Uber driver. The male then left the residence.
